

A Musical Community never sounded so good...

What is MSSL?

The Music Student Service League (MSSL) is an exclusive music club of student volunteers, ages Middle School through High School, dedicated to serving their community through music.

MSSL members meet to plan events and share their musical talents with the local community. Leadership roles on the MSSL Board of Directors include the following officer positions: President, Vice President, Treasurer, Secretary, Communications Director, and event chair positions. Other leadership positions may be added.

What Do We Do?

Plan, promote, perform! Guided by music teacher advisors, MSSL students have the opportunity to organize projects, events, and performances, and develop individual leadership skills. Advisors attend MSSL meetings and are available to assist MSSL when needed.

MSSL projects include student performances at local malls, senior homes, mentoring younger students, organizing and volunteering at community youth music programs, and participating at community fundraising events.

How Do You Join?

Students interested in MSSL may join at anytime. There are no membership fees or dues.

New students are encouraged to attend a MSSL membership meeting before making the commitment to participate.

Music Teachers

Music Teachers who volunteer to participate with MSSL are dedicated music professionals located in the Santa Clarita Valley. Teachers have established connections and relationships with local businesses, community events, and other community organizations. They also have experience providing music for various events and venues in the community. Teachers will help assist students when necessary, so they learn to successfully plan, execute, and succeed in bringing the musical projects and events planned by the MSSL to the community.
